Career Objective

B.Tech graduate with strong problem-solving skills and good knowledge of Java, Object-Oriented Programming, and Data Structures & Algorithms. Looking for an entry-level Software Developer role where I can apply my skills and grow in a professional environment.

Technical Skills

- **Programming Languages:** Java, Python, JavaScript
- **Core Concepts:** OOPs, DSA, Basic DBMS, OS fundamentals
- **Web Development:** HTML, CSS, ReactJS
- **Tools:** Git, GitHub, VS Code

Projects

Student Management System (Java - Console Based) *Java, OOP, ArrayList*

- Developed a console-based application to manage student records.
- Features include Add, Update, Delete, and View student details.
- Used Object-Oriented Programming principles and ArrayList for data handling.

Bank Management System (Java - Console Based) *Java, OOP, File Handling*

- Developed a Java console-based banking application using Object-Oriented Programming.
- Implemented features like account creation, deposit, withdrawal, and balance checking.
- Stored customer data and transactions using Java File Handling (TXT/CSV).

Coding & Problem Solving

- Solving DSA problems on platforms like LeetCode and GeeksforGeeks.
- Strong understanding of Arrays, Strings, Linked List, Stack, Queue, Trees, Graphs.

Education

Babu Banarasi Das Educational Group *2026*
B.Tech, Computer Science and Engineering
CGPA: 7.17 / 10

Kendriya Vidyalaya, Lucknow *2021*
12th — CBSE — Percentage: 81%

Kendriya Vidyalaya, Lucknow *2019*
10th — CBSE — Percentage: 73%

Achievements

- Completed **21-Day Coding Challenge** at GeeksforGeeks powered by Deutsche Bank.
- Active contributor in coding practice and problem solving.

Strengths

- Quick learner, consistent problem solver, good communication, teamwork mindset.
